## QUALITY PIECES – HERE'S WHY...

When purchasing the COMPLETE KIT or the READY-MOUNTED PARABLE PIECES you can be assured that the best quality methods are used in creating the finished product.

*Here's some of the in-built quality features worth noting:*

- Bases of parable pieces are finished smoothly – enabling piece to move across underlay without catching
- Edges of parable pieces are rounded – Nice to hold, reflects care in production of parable item and generates care and respect in the 'keeping' of the parable item
- Numerous applications of quality purpose-made adhesive, sealer and finisher are applied to the parable pieces to ensure the image never peels away from the base.
  - Image fits perfectly on the base (unlike DIY kits where this is much harder to achieve)
